WELCOME MESSAGE

Singapore's aviation sector is poised for a bright future. The construction of the future Changi Airport Terminal 5 is expected to begin in the coming months. Recently, the Singapore government announced in its Budget 2025 speech that an additional SGD\$5 billion will be allocated to facilitate the expansion of the airport.

In 2024, Changi Airport recovered to 99.1% of passenger traffic levels recorded in 2019, prior to the COVID-19 pandemic. Passenger movements reached 67.7 million, marking an increase of 14.8% from 2023. Additionally, aircraft movements reached 366,000 in 2024, an 11.5% increase from the previous year.

At inter airport Southeast Asia 2025, aviation companies can look forward to invaluable insights, new business contacts and fresh opportunities. We are proud to present a sampling of Singapore's aviation capabilities at the Singapore Pavilion and we invite you to explore possibilities with us!

Sia Kheng Yok

Chief Executive

Association of Aerospace Industries (Singapore)

ASSOCIATION OF AEROSPACE INDUSTRIES (SINGAPORE)

The Association of Aerospace Industries (Singapore) or AAIS, is a not-for-profit organisation established in 2003 to promote the development of Singapore as a leading aerospace hub. Its vision is "An Innovative Aerospace Community for a Sustainable Future."

AAIS represents companies involved in aviation, aerospace and unmanned aircraft systems, including maintenance, repair and overhaul (MRO), manufacturing, parts distribution, R&D, training and education, and others. It serves as the voice of industry, facilitates business and engenders the aerospace community.

Visit www.aais.org.sg for more information.
