- P14 - P15** Layout and Floorplan
- P16 - P17** Exhibitor Listing (By Capabilities)

WELCOME MESSAGE

2024 is shaping up as the year that aviation fully recovers from the effects of the pandemic. In Q2 2024, Changi Airport saw 98.2% of passenger movements and 94.5% aircraft movements compared to Q2 2019.

During the Singapore Airshow in February 2024, a slew of new investments by aerospace businesses was announced, amounting to investment commitments of \$750 million, as well as the creation of 2,500 new jobs over the next few years.

The Singapore aerospace sector, having exceeded 2019 industrial output by the middle of 2022, continued its growth path and expanded 17.6% in the first 7 months of 2024, as compared to the corresponding period last year. Driven by a higher demand of aircraft parts and more maintenance, repair, and overhaul (MRO) jobs from commercial airlines, the Monthly Manufacturing Performance report by EDB in July saw the aerospace sector grew by 21.7% year-on-year, a significant 55.1 points above pre-pandemic July 2019 levels.

At MRO Asia Pacific 2024, aviation and aerospace companies can look forward to invaluable insights, new business contacts and fresh opportunities. We are proud to present a sampling of Singapore's MRO capabilities at the Singapore Pavilion and we invite you to explore possibilities with us!

Sia Kheng Yok

Chief Executive

Association of Aerospace Industries (Singapore)

ASSOCIATION OF AEROSPACE INDUSTRIES (SINGAPORE)

The Association of Aerospace Industries (Singapore) or AAIS, is a not-for-profit organisation established in 2003 to promote the development of Singapore as a leading aerospace hub. Its vision is "An Innovative Aerospace Community for a Sustainable Future."

AAIS represents companies involved in aviation, aerospace and unmanned aircraft systems, including maintenance, repair and overhaul (MRO), manufacturing, parts distribution, R&D, training and education, and others. It serves as the voice of industry, facilitates business and engenders the aerospace community.

Visit www.aaiss.org.sg for more information.

ACME MANUFACTURING COMPANY SINGAPORE PTE LTD

Acme Manufacturing is a global leading provider of robotic material removal automation for the aerospace industry. Acme provides state-of-the-art turnkey robotic systems for new parts & MRO processes including MRO blade tip repair (HPT & HPC), LPT blade polish, vane polishing, coating, blending, deburring, leading-edge profiling, composite material trim and polish, additive manufacturing post-processes, and robotic machine tending. Located within the Seletar Aerospace Park, Acme is the first company in the metal finishing industry to offer a customer interaction center with robotic cells for R&D dedicated to the aerospace industry.

Areas of Expertise:

- Robotic Material Removal for the Aerospace Industry – Robotic Grinding, Robotic Polishing, Robotic Buffing, Robotic Deburring
- Centerless Grinding

Certifications:

- ISO 9001:2015
- CE Marking
- ITAR Registered

Address: 1 Seletar Aerospace Heights

APPLIED TOTAL CONTROL TREATMENT PTE LTD

ATC has grown to create a tradition of complete customer satisfaction. ATC offers metal finishing services including plating of zinc, nickel, chromium, gold, silver, chrome, cadmium, tin, copper, black oxide, electropolish, chemical polishing process, various types of anodizing for aluminium, and conversion coating such as passivating and phosphating. It also provides powder coating, wet painting services, UHV cleaning, and ultrasonic cleaning.

Areas of Expertise:

- One Stop Solution
- Capable to perform complex masking
- Capable to perform variance plating on one single components

Certifications:

- Nadcap
- AS9100D
- ISO 9001:2015

ATEQ SINGAPORE PTE LTD

ATEQ Aviation is a worldwide manufacturer of automated testers for all types of aircrafts. ATEQ has developed a complete range of products, customised hardware and software solutions: pneumatic, electric and electronic safety testing systems. Cobra Systems, an ATEQ company since 2018, manufactures Pitot-Static adapters, accessories and covers.

ATEQ Aviation is a division of ATEQ Group, the number one supplier of automatic leak testing machines, leak test systems. Present in 40 countries, ATEQ is servicing more than 5000 customers worldwide.

Areas of Expertise:

- Air Data Testing, One Stop Solution
- ADSE, and Pitot Static Adapter Manufacturer
- Aircraft Battery Testing Solutions
- Leak Testing Expertise
- Resistance and Loop Testing Expertise

Certifications:

- ISO17025

Address: 38 Jalan Pemimpin #08-06

CF GLOBAL TECHNOLOGIES PTE LTD

Established since 2010, CF Global Technologies provides industrial products under a group of companies with a special focus in turbine industries. The company specialises in supplying capital equipment like adaptive machining systems, automated/manual precision TIG welding machines, heat treatment solutions, coating solutions APS/HVOF with diagnostics tools, micro resistance welding machines, drilling technology for cooling holes and also cleaning, FPI & MPI automated equipment.

Areas of Expertise:

- Adaptive Machining Systems
- Coating Solutions APS/HVOF with Diagnostics Tools
- Micro Resistance Welding Machines
- Drilling Technology for Cooling Holes
- Cleaning, FPI & MPI Automated Equipment

Certifications:

- ISO 9001:2015

CHEMTRON PTE LTD

Chemtron Pte Ltd is a leading provider of industrial 3D printing and additive manufacturing (AM) solutions. It aims to empower industries in the aerospace industry to overcome challenges in supply chain, labour, and rising costs with AM.

Chemtron also provides 3D consultation, 3D scanning, reverse engineering, 3D printing and design for additive manufacturing workshops.

Its 3D printing service bureau provides competitive, high mix low volume functional 3D printing parts for various applications in the aerospace industry.

Areas of Expertise:

- Additive Manufacturing Solutions
- 3D Printing
- 3D Scanning
- Reverse Engineering
- 3D Consultation

Address: Blk 203A Henderson Road,
Henderson Industrial Park #02-03
Singapore 159546

COWAY ENGINEERING & MARKETING PTE LTD

Coway is one of the few SMEs in the Asia Pacific region approved by CAAS, FAA, EASA for MRO of aerospace components (Part 145). With experienced, committed staff, an extensive understanding of aerospace expectations and state-of-the-art facility, Coway provides customers best-in-class value. Services include precision machining, non-destructive testing (NDT), surface treatment and welding. Beyond aerospace component MRO, Coway is also expanding its manufacturing capacity and capabilities to support both aerospace and non-aerospace customers. Coway continues to explore and develop long-term relationships with OEMs and MROs to support their operational needs and demand in this region.

Areas of Expertise:

- Component MRO
- Precision Machining
- Non-Destructive Testing
- Surface Treatment
- TIG Welding

Certifications:

- CAAS Part 145: C1, C7, C14, D1, D2
- FAA Part 145: Limited Accessories, Limited NDT and Limited Landing Gear Components
- EASA Part 145: C1, D1
- AS9100 / ISO 9001, ISO 45001

CW AERO SERVICES PTE LTD

CW Aero Services Pte Ltd, in partnership with leading OEMs, provides extensive aviation solutions including ground support equipment, tooling, test systems, and digital solutions, supported by a team of OEM-trained specialists. CW Aero excels in custom testing system design, production, and upkeep. Its new digital solutions division employs artificial intelligence, predictive maintenance, Industry 4.0, and LIDAR technology to enhance offerings, streamline processes, and deliver unparalleled value to clients.

Areas of Expertise:

- Aircraft Ground Support Equipment
- Tooling
- Airport/Terminal Equipment
- Inspection/Testing/Maintenance/Overhaul GSE and Test Benches
- Creating and Manufacturing Specialised GSE and Test Systems
- Digital Solutions including Fleet Management, Predictive Maintenance, Industry IOT, LIDAR and Asset Tracking

Certifications:

- ISO 9001:2015
- BIZ SAFE 4
- Progressive Wage Mark

DIAMOND AVIATION PTE LTD

Established in 2011, Diamond Aviation focuses on supply and repair management of aircraft engines. Beginning from the supply of standard parts, life limited parts, core section components as well as building engines, the company expanded organically into teardown of large assets including engines, ancillary power units (APUs), landing gears, and dynamic components.

Driven by dynamism, simplicity, and results, Diamond Aviation is committed to delivering top-quality products and services that meet the demands of the modern aviation landscape.

Areas of Expertise:

- More than 60 Engine Deliveries
- Aircraft Engines including industry leading models Rolls-Royce Trent 700, V2500 and CFM56
- Rotable Repair Management / Exchange for Airlines
- Engines and APUs Lease/Exchange/Outright

Certifications:

- AS9120
- ISO 9001:2015
- ISO 14001:2015
- FAA AC-56
