WHAT IS VIETNAM AVIATION FORUM?

VIETNAM AVIATION FORUM is an International Business Convention dedicated to aviation industry, including supply chain, maintenance, investment, infrastructures management, commercial appeal, and training for the development of the Industry in Vietnam.

Aerospace sector in Vietnam:

In recent years, Vietnam has become a promising market for manufacturers of aerospace equipment, attracting potential international businesses to flood the market offerings new, innovative products and services. Favorable internal and external conditions, as well as the rapid growth of the aviation industry, has resulted in the need to strengthen infrastructures and services in the region.

WHY VIETNAM?

Vietnam

is the fifth fastest growing aviation market in the world¹.

38.000 aircraft

are expected to be produced globally over the next 20 years to satisfy the increasing global demand².

Passenger traffic

will reach 131 million by 2020 with a Compound Annual Growth Rate (CAGR) of 16% per year¹.

Airports Corporation of Vietnam

AVC, the largest airport developer in Vietnam, currently manages and operates a network of 22 airports nationwide³.

Freight traffic

will increase 18% per year to reach 2.2 million tons in 2020¹.

Vietnam

has developed a skilled workforce well-suited to managing the production of highly-engineered aerospace components³.
