Drones & Uncrewed Asia 2024 is primed to be the essential meeting place for the region's expanding UAV and uncrewed technology ecosystem. The event comprises a trade show, start-up zone, Main Stage conference and programme of technical presentations.

Building on the success of the launch Drones Asia event in March 2023, Singapore has established itself as the most convenient centre to grow both the understanding of the current opportunities but also scope future directions.

BUILDING COMMUNITIES ACROSS INDUSTRIES & COUNTRIES

Centred on a unique region

At the heart of Southeast Asia Drones & Uncrewed Asia 2024 in Singapore addresses the opportunities in a market comprising more than 650 million people. Improved interconnectivity between cities, islands and remote communities provides a catalyst for growth in a region, which is expected to comprise the world's fourth largest combined economy by 2030.

In addition to providing government and industry with new tools to plan, predict and monitor, the UAV industry is set to provide new platforms for passenger and essential cargo services. Combining with the remote sensing and geospatial solutions industries the vertical markets to benefit include:

- Border & coastal waters security
- Building & site maintenance
- Climate change preparedness
- Disaster & emergency relief
- Energy resources
- Forestry management
- Infrastructure
- Logistics & cargo
- Marine resource management
- Medical & first response
- Precision agriculture
- Utilities planning & monitoring

Strong support from industry

“ A house that will last a lifetime is built on a solid foundation and that is exactly what we managed to do at Drones Asia 2023. We laid strong foundations for our return to Drones & Uncrewed Asia 2024 ”

Mark ter Hove
Senior Manager, UAV & UTM,
Aircraft Operations and Safety

“ I am delighted to be supporting Drones & Uncrewed Asia in its goal to expand conversations across the UAV marketplace in Southeast Asia and beyond. We are seeing fast growing interest in the UAM markets from our members and look forward to building on the extensive market opportunities ”

Sia Kheng Yok
Chief Executive of Association of
Aerospace Industries (Singapore) (AAIS)

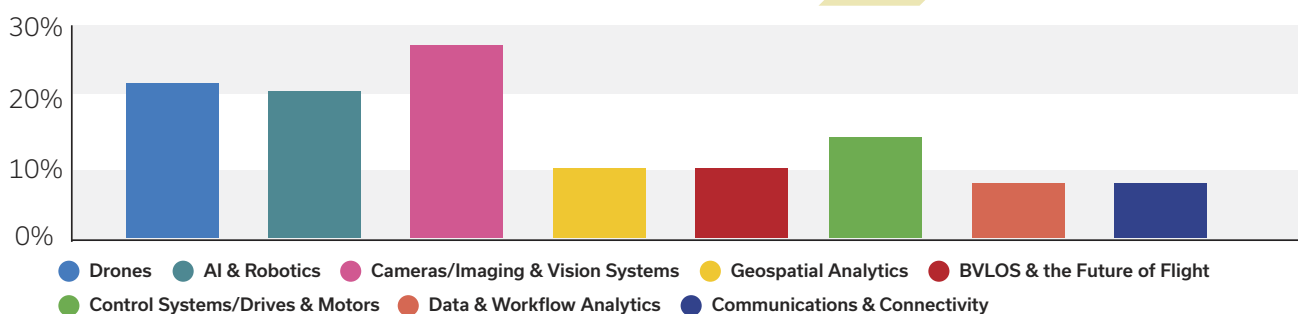

“ The event was a great way for me to share some of the new drone applications that we have in PETRONAS, learn about new technologies, latest developments and meet other industry players. The sessions were interesting, and it was definitely worth the visit. ”

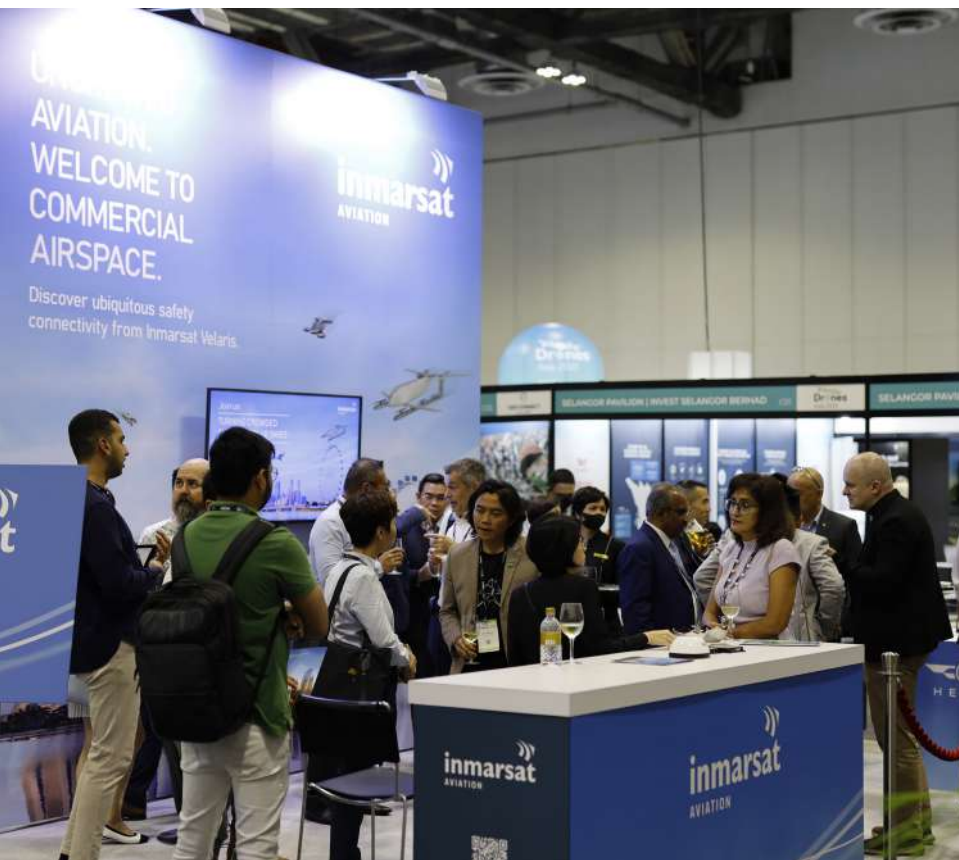

Hozay Hafiz
Manager, DroneCentre
PETRONAS, Malaysia

MARCH 2024 DATES & VENUE

The show will be held on **Wednesday 6th & Thursday 7th March** in the prestigious Marina Bay Sands Expo in central Singapore to optimise attendance by C suite decision-makers and government agencies. The venue is 30 minutes from Changi Airport and is easily reached from a wide range of hotels.

Drones & Uncrewed Asia will be co-located with the region's leading international event for the geospatial and location intelligence market, Geo Connect Asia. The additional focus on infrastructure with Digital Construction Asia and maritime with Hydro & Marine 2024 drives the autonomous and robotics theme.

The combination of events specifically focuses on the leading economies of ASEAN (Association of Southeast Nations), but also reaches across the Indo-Pacific region.

The supporting conference will address the transformation of the air mobility markets across the ASEAN region, requiring an understanding of and co-operation between regulators, end users and technology platforms.
